SUPER-1000 ECO

Salient Features

- Heavy duty machine construction
- Three dimensional straightening with the help of Spindle.
- Maintenance free Cutting system with Pneumatic clutch.
- Electrical with Plc controlled.
- Box type length gauge. No setting in length gauge.
- Hardened length gauge for long and trouble free life.
- Two motors of Standard Company. (ABB, BHARAT BIJALI or equivalent)

Reliability

- Our machines have always been known for their reliability and hustle free operation, customer satisfaction has always been the top priority for us.

Technical Data

Type of wire	Mild Steel, Stainless Steel, Spring Steel
Operating wire range ϕ	5mm to 10mm
Max pulling speed	30 mtrs/min(99 ft/min) #
Cutting mechanism	Pneumatic
Connected load	9.5 H.P
Automatic/Manual	Automatic
Weight	1200 Kg
Minimum cutting length	100 mm
Maximum cutting length	6000 mm
Spindle motor	7.5 H.P.
Cutting motor	2 H.P.

production is subject to raw material, finishing required, site condition etc.
