Automatic Wire Straightening And Cutting Machine

SUPER-500 ECO

SUPER-500 ECO

Salient Features

- Heavy duty machine construction
- Three dimensional straightening with the help of Spindle.
- Maintenance free Cutting system with Pneumatic clutch.
- Electrical with Plc controlled.
- Box type length gauge. No setting in length gauge.
- Hardened and ground length gauge for long and trouble free life.
- Two motors of Standard Company. (ABB or BHARAT

Reliability

- Our machines have always been known for their reliability and hustle free operation, customer satisfaction has always been the top priority for us.

Technical Data

Type of wire	Mild steel, Stainsteel, Spring steel
Operating wire range ϕ	1.6mm to 5 mm
Max pulling speed	150 ft/min #
Cutting mechanism	Pneumatic
Connected load	6 H.P
Automatic/Manual	Automatic
Weight	550 kg
Minimum cutting length	100 mm
Maximum cutting length	6000 mm
Spindle motor	5 H.P.
Cutting motor	1 H.P.

production is subject to raw material, finishing required, site condition etc.
