Automatic Wire Straightening And Cutting Machine

**SUPER-500**

# SUPER-500

# Technical Data

Type of wire	Mild steel, Stainsteel, Spring steel
Operating wire range $\phi$	1.6mm to 5 mm
Max pulling speed	195 ft/min #
Cutting mechanism	Pneumatic
Connected load	5 H.P
Automatic/Manual	Automatic
Weight	550 kg
Minimum cutting length	100 mm
Maximum cutting length	6000 mm
Spindle motor	3 H.P.
Cutting motor	1 H.P.
Pulling motor	1 H.P.

# production is subject to raw material, finishing required, site condition etc.

## Salient Features

- Heavy duty machine construction
- Three dimensional straightening with the help of Spindle.
- Maintenance free Cutting system with Pneumatic clutch.
- Electrical with Plc controlled.
- Box type length gauge. No setting in length gauge.
- Hardened and ground length gauge for long and trouble free life.
- Three motors of Standard Company. (ABB,SEW or BHARAT BIJALI)
- Pneumatic brake in spindle motor for instant

## Reliability

- Our machines have always been known for their reliability and hustle free operation, customer satisfaction has always been the top priority for us.
