EC-608

Technical Data

Type of wire	Mild steel, Stainsteel, Spring steel
Operating wire range ϕ	4.5mm to 8 mm
Max. pulling speed	130 mtrs/min
Cutting mechanism	Pneumatic
Connected load	12 H.P
Automatic/Manual	Automatic
Weight	1800 kg
Minimum cutting length	500 mm
Maximum cutting length	12000 mm
Main motor	10 H.P.
Cutting motor	2 H.P.

production is subject to raw material, finishing required, site condition etc.

Salient Features

- Heavy duty machine construction
- Vertical and horizontal roller straightening system.
- Maintenance free Cutting system with Pneumatic clutch.
- Electrical with Plc controlled.
- Pneumatic cylinder and conveyor for high production
- Two motors of Standard Company. (ABB, BHARAT BIJALI or equivalent)

Reliability

- Our machines have always been known for their reliability and hustle free operation, customer satisfaction has always been the top priority for us.
