WST-12

Salient Features

- Heavy duty machine construction
- Two dimensional straightening with the help vertical and horizontal rollers.
- Maintenance free Cutting system with Pneumatic clutch.
- Servo motor for pulling with Plc controlled.
- Box type length gauge. No setting in length gauge.
- Cutting motor of Standard Company. (ABB, BHARAT BIJALI or equivalent)

Reliability

- Our machines have always been known for their reliability and hustle free operation, customer satisfaction has always been the top priority for us.

Technical Data

Type of wire	Mild steel , Ribbed (TMT) wire
Operating wire range ϕ	6mm to 12 mm
Max. pulling speed	130 mtrs/min
Cutting mechanism	Pneumatic
Connected load	21 H.P
Automatic/Manual	Automatic
Weight	1900 kg
Minimum cutting length	150 mm
Maximum cutting length	12 mtrs
Main motor	5 H.P.
Cutting motor	15 H.P.

production is subject to raw material, finishing required, site condition etc.
