CNC Wire Bender For Making 3D Wire Shape

WB-6 3D

WB-6 3D

Technical Data

Operating wire range	
Operating Wire Dia Range	2mm to 6mm
Max Bending Range	180°±
Max Rotation Range	180°±
Max Pulling Speed	50Mtr/min
Power Consumption	@5 Kwh

Salient Features

- Heavy duty machine construction
- All machine construction under one body for maintenance free operation and dust protection
- Inbuilt Air conditioned sealed panel for long life and maintenance free operation
- Machine operation with heavy duty servo motors
- Master speed control port.
- Jog mode for easy programing
- Precision straightening mechanism for uniform and consistent straightening with position indicator

Reliability

- Our machines have always been known for their reliability and hustle free operation, customer satisfaction has always been the top priority for us.
